- The measure includes Nonrecipient Parent data to the degree that HHSC has been able to provide individual case data on them. However, the relative lack of that data makes it difficult to use these measures to accurately assess progress towards meeting federal participation expectations.
- Federal Exempt cases are only included in the main All Family/Two Parent Family Participation Rate measures if they are participating. The Federal Exempt Participation Rate measures are listed to help identify the level of success in engaging families that are not expected to participate under federal standards.

BOARD NAME: UPPER RIO GRANDE

SEPTEMBER 2008 REPORT

<b>Number of Contracted Measures</b>	With Positive Performance (+P):	5	Meeting Performance (MP):	7	With Negative Performance (-P):	3
--------------------------------------	---------------------------------	---	---------------------------	---	---------------------------------	---

"N/A" indicates data was not available as of this report's publication cutoff date; "-----" = not applicable. Numeric footnotes are program/measure-wide; alphabetical footnotes are board-specific. "+P" indicates performance is at least 5% better than current target. "-P" indicates performance is at least 5% worse than current target. "MP" indicates performance within 5% of current target.
