³ Adopted by the Texas Workforce Commission on April 7, 2009.

⁴ Adopted by the Texas Workforce Commission on July 14, 2009.

⁵ Following determination by the Commission after their adoption on May 19 and June 9, 2009 of PY 2009 WIA formula fund allocations that amounts that had been held at the state level for Rapid Response [in concert with the Workforce Investment Act of 1998, as amended, P.L. 105-220, Section 134(a)(2)(A)] from the April 7-adopted ARRA WIA allocations should instead also be allocated to workforce areas, an adjustment was factored into Supplemental Dislocated Worker allocations which accounted for final WARN data (relative to draft WARN data, which had been applied to the earlier amounts), to assure that these Supplemental Allocations were fair and accurate, and based precisely on WIA Dislocated Worker allocation factors, as set forth in WIA statute and regulations and TWC rules. As of July 1, 2009, \$9,535,477 of the original \$13,442,076 held back for Rapid Response on April 7 was available for this Supplemental allocation, \$3,906,599 having been needed for Rapid Response at the state level.
