

# Public Workforce Offices

*If you have moved to another state or Canada, you need to register for work search assistance in your place of residence at a public workforce office or online. You must register within seven (7) days of moving and continue to meet your required weekly work search activities. TWC will verify that you registered with your state of residence. If you do not register for work search, your benefits may be delayed or denied.*

You can find workforce services in your neighborhood or across the country by using [America's Service Locator](#). The following table shows websites for public workforce offices. Find the state where you live, then go to that state's Web site to find out how to register for work search assistance online or in person.
